CLASS NEWS

U3A GUEST SPEAKER PROGRAM FOR 2012 FOR FRIDAY TALKS

February, 24th 2pm – 3pm

Dr Sid Roveda addressed U3A members on **Some Experiences of an Oral and Maxillo-facial Surgeon.**

March, 30th 2pm – 3pm

Brigadier Neil Weekes addressed U3A members on the **Victoria Cross for Valour.**

April, 27 2pm – 3pm

Brooke Crosby from the Australian Competition & Consumer Commission spoke about scams. Brooke's topic was: The Little Black Book of Scams – your guide to scams, swindles, rorts and rip-offs.

May, 25

The first field trip for 2012 will be in May. The **Australian Institute of Marine Science**, AIMS as it is commonly called, is one of the leading marine research units in the world. If you have not been to AIMS a visit is well worth the effort. This will be a morning visit rather than an afternoon one. You will need to:

1. Be mobile as there is a considerable amount of walking
2. Wear enclosed shoes and bring a hat
3. Car pool, as this is not a bus organised visit
4. Advise Bernie – phone 4788 9904 by early May if you intend going to AIMS on the 25th May. If more than 12 people are going I need to make special arrangements with AIMS.

June, 29th 2pm – 3pm

Mr Ernst Spuler will address U3A members on **Switzerland the mouse that roared.** Ernst is a native of Switzerland and knows the country and its people well.

While Switzerland has a small population by world standards and is geographically small, it is a world powerhouse when it comes to the field of finance. No doubt there are many other interesting features that Ernst will be able to acquaint U3A members with.

July, 27th 2pm – 3pm

Professor Ian Atkinson from James Cook University (JCU) will present a paper with the interesting title of **Data data everywhere but not a bite to eat.** Ian's objective is to help U3A members understand the world of digital equipment. No matter if you are a novice in this field or have advanced knowledge, this lecture promises to deliver an insight that will help us all better understand this ever-changing field.

August, 31st

Another field trip is planned for August. This time a visit to Dr Cam Leitch, James Cook University (JCU), is planned.

Dr Leitch is the principal researcher in **JCU's Cyclone Research Centre.**

Anyone who has lived through a cyclone knows only too well how devastating they can be. Dr Leitch researches improved building methods so buildings in cyclone-prone areas can withstand the ravages of destructive winds.

This is a forty minute walking tour of the research facility so **people must be mobile and wear enclosed shoes.** A maximum of thirty people can be accommodated – so 'first come first served' applies.

QUILLING & CARDMAKING

This class will now be in progress at the Hodel Room, Thuringowa Drive, Townsville City Council from 9.00am until 2.00pm on Tuesdays. The finishing time of this class has been extended.

WATER WALKERS GROUP

For U3A members who were part of the water walking group at the Riverway Lagoons, I'm sorry I haven't been able to attend the water walking group for a few weeks now, and would like to let the group know that I won't be able to continue with the water walking this year. kind regards

OUR HUMAN ORIGINS

Graham Collins

All life on earth, since the beginning 3.5 billion years ago, has been affected by the environment of the time. Some changes have been so catastrophic that almost all life was wiped out. Our ancestors battled through some pretty rough climates and eventually emerged as us. How did this happen? In this 4-part series, the first 2 lectures will cover the environment in which human evolution took place, the severity of the ice ages, when these occurred, how they changed the levels of the oceans, and how they affected the movement of our ancestors around the world.

The next two lectures will show how our ancestors gradually evolved and developed the human form we have today, and try to answer the question "Why are we alone?" **The course will be on Fridays from June 1st to 22nd at the Aitkenvale Library meeting from 2-3 p.m.**

FIRST FRIDAY @ P.T GALLERY

By the time members read this Newsletter the winner of "The Percivals" is known and U3A First Friday members given the opportunity to cast their vote for the "Peoples' Choice".

3rd August is Australian Festival of Chamber Music time and the first floor will be filled with the music of a free concert surrounded by the lyrical landscapes and colourful abstracts of Melbourne based artist Di Brescani. However, there will be no afternoon tea after this performance.

7th September brings a major exhibition of works to the ground floor. Master printer Fred Genis' personal collection includes works by John Coburn, Donald Friend, James Gleeson, John Olsen, Lloyd Rees, Tim Storrier and Brett Whiteley. **Please phone the Gallery 4727 9011 to register your attendance for catering purposes. Talk begins promptly at 1.30pm and afternoon follows on the balcony overlooking Flinders Street.**

TUESDAY QUILLING AND CARDMAKING NEWS

Join us in our fundraising efforts for Cancer Research

9am Tuesday 15 May at the Hodel Room,
Thuringowa Drive Kirwan

Raffles, lucky number prizes and lots of
laughs and "crafty" demonstrations.

Our Tuesday group continues to
increase in number, and it would appear
there are still plenty of people out there who
are interested in learning the delicate craft of
paper quilling along with many other aspects
of Cardmaking. In addition, we have some
members who are very clever with fabric
and keen to share their ideas and skills
within the group.

In March, we were saddened at the
sudden passing of our dear friend Dot
Wade. She was in her 79th year and had
returned to her home following a short stay
in hospital. Dot had been involved with
U3A for many years, and was a regular at
our Tuesday group as well as participating
in Cardmaking workshops at other venues.
She was always interested in learning new
skills and encouraging new members to take
on a challenge. Dot will be sadly missed by
her friends in the Cardmaking fraternity in
general as well as her extended family.

If

you are interested in learning paper quilling
or are wondering how much fun is involved
in producing your own handmade cards,
please feel free to drop in and have a chat.
For further details, refer to the Class
Schedule included in this Newsletter.

THE HARE AND THE TORTOISE

*One day the hare and the tortoise were
talking.*

*"Do you want to have a race?" asked the
tortoise.*

*"Sure thing," replied the hare, "where do you
want to race to?"*

"I'll race you home." said the tortoise.

*The hare knew he could run much faster
than the tortoise*

*"OK tortoise," said the hare, "ready, set,
go!"*

*The tortoise quickly drew in his head and
legs and called out from inside his shell. "I
win!"*

"Darn!" said the tortoise "beaten again."

GENERAL NEWS ON FRIDAY TALKS ALREADY PRESENTED.

U3A GUEST SPEAKER REPORT – FEBRUARY, 2012

Guest Speaker: Dr Sidney Roveda (Ret.)

Topic: *Some Experiences of an Oral and Maxillo-facial Surgeon.*

Speaker Profile: Sid Roveda hails from Ingham where he completed his primary education followed by secondary education at Townsville Grammar School.

Sid won a scholarship to the School of Dentistry, University of Queensland, graduating in 1954. Further success followed in 1959 when he won a Fellowship to study in his chosen field in the United States and Canada. On returning from overseas Sid took up a position as Senior Lecturer, University of Adelaide, which he held for three years before returning to Townsville.

Dr Roveda has an international reputation in his field and has worked in collaboration with medical professionals in Germany, Britain, Italy, Canada and America.

Sid Roveda also has an extensive record in community service:

- He served on the Endeavour Foundation's Board of Directors and Farm Management Committee for seventeen years
- Sid was a member of a committee, which established James Cook University (JCU) in 1971. He went on to serve on JCU's Governing Council from 1976 to 1988
- Dr Roveda acted as a consultant to the Army in his field of medical specialisation from 1982 to 1986 with the rank of Lt. Colonel.

Audience Participation & Response: Twenty U3A members attended the talk. Based on feedback the audience response could only be described as enthusiastic. The talk lasted for well over one hour and people remained interested in the topic despite the extended duration of the talk.

Appreciation: Dr Roveda is thanked for his time and enthusiasm in presenting his most interesting topic.

U3A GUEST SPEAKER REPORT – MARCH, 2012

Guest Speaker: Brigadier Neil Weekes, AM, MC (Retd)

Topic: *The Victoria Cross for Valour*

Speaker Profile: Neil Weekes hails from Mackay and was educated in Rockhampton. Neil entered the Kelvin Grove Teachers College in 1964 and completed his training in 1965 and then taught at the Clermont State School. A major turning point in Neil's life came in 1967 when he was conscripted for National Service.

Neil made the Army his career and had a most distinguished career indeed. Neil graduated from the Officers Training Unit, Scheyville NSW in 1967 and was posted to the 1st Battalion Royal Australian Regiment on completion of his officer training. He served with his Unit in South Vietnam in 1968, as a Platoon Commander, where he won the Military Cross (MC) for gallantry. Many military promotions followed.

Neil was awarded the Member of the Order of Australia (Military Division) for his role as Commanding Officer of NORFORCE which operates in the top end of Australia in a surveillance capacity. After leaving the Regular Army he was employed at James Cook University, where he held several appointments. In 1965 he was appointed to the position of Executive Officer to the Vice –Chancellor. Neil also holds many community appointments including Patron of the Vietnam Veterans Association – Townsville Branch and the National Serviceman's Association – Townsville Branch to name just two. Neil enjoys reading, military history, camping and fishing. He enjoys fishing to the extent that he is reputed to have fished for tadpoles in a pool of water after a shower of rain.

Audience Participation and Response: Twenty-three U3A members attended the lecture. One of the objectives of this program was to attract more male participants at lectures. Several men attended the lecture but ladies remained in the majority. There was considerable interaction between Brigadier Weekes and his audience. For example people questioned Neil on how to find information on relative's military service. The audience/speaker relationship was relaxed and friendly.

Appreciation: Brigadier Weekes is thanked for his time and the relaxed manner in which he presented his topic. Compiled by Bernie Davis, Coordinator, U3A Guest Speaker Program – 2012

PLACES TO VISIT

Taken from Nina in the Bundaberg newsletter.

I have been to many places, but I've never been in **Cahoots**. Apparently, you can't go alone. You have to be in Cahoots with someone.

I've also never been in **Cognito**. I hear no one recognizes you there. I have however, been in **Sane**. They don't have an airport: you have to be driven there. I have made several trips there, thanks to my friends, family and work.

I would like to go to **Conclusions**, but you have to jump, and I'm not too much on physical activity anymore.

I have also been in **Doubt**. That is a sad place to go, and I try not to visit there too often. I've been in **Flexible**, but only when it was very important to stand firm.

One of my favourite places to be is in **Suspense!** It really gets the adrenalin flowing and pumps up the heart!

And, sometimes I think I am in **Vincible** but life shows me I am not! I have been in **Deepsh*t** many times. The older I get, the easier it is to get there.

25 YEARS OF UNIVERSITY OF THE THIRD AGE IN TOWNSVILLE

Come one, come all, come join the fun,
On our 25th Anniversary,
Join with friends to make it,
As much fun as it can be.

To many of our members,
U3A has been an inspiration,
With things to learn and friends to meet,
And our tutors dedication.

Committee members through the years,
Have all done their very best,
To make U3A run like clockwork,
And they sure have stood the test.

The test of time, as it is known,
And it's been 25 years hence,
The first meeting of this University,
Was when it did first commence.

The rules were really simple,
Knowledge for knowledge sake
Run by the people - for the people,
And on expenses, keep a brake.

No credentials ever were required,
And of course none were given,
Just the desire to learn and socialize
With no pressure to feel driven.

So, come join our celebration,
U3A is here for you,
It will survive for decades more,
If we appreciate its value.
